

Saddleback Bike Park Rules & Regulations

⚠ IMPORTANT ⚠

No patrol rescue services are available outside of lift operating hours.

- Helmets are required for all riders. Full-faced helmets are strongly recommended. Closed-toe shoes are required.
- All bikes are required to have front and rear working brakes. Disk brakes are recommended.
- All riders ages 10 & under must ride their own bike and be accompanied by an adult or legal guardian while utilizing the bike park. One person per bike.
- No dogs or hiking are permitted on bike trails.
- Please be advised that any equipment that does not fit properly on bike carriers will not be allowed on the lift.
- ATVs, trucks, heavy machinery, and maintenance personnel may be encountered at any time. Use caution and yield.
- The designated uphill trail is named "Don's Delight." This trail has 2-way traffic. Riders going uphill have the right of way.
- For everyone's safety, the lift may close for inclement weather. The lift will go on a 30-minute hold each time thunder and/or lightning is present. Seek shelter during lightning storms.
- Please respect the environment and area where we provide services –follow the 'leave no trace' rule and carry out all trash.
- Do not ride if you are under the influence of drugs or alcohol.
